Education

University of Central Florida Orlando, FL

Bachelor of Science in Computer Science, GPA: 3.78 *Expected May 2030*

- **Relevant Coursework:** Introduction to Object-Oriented Programming (COP 3330)
- Passed the CS placement exam to skip ahead into Object-Oriented Programming in first semester

Experience

Tomasino's Dec 2025 – Present

Assistant Manager *Orlando, FL*

- Lead front- and back-of-house operations during shifts, working with a staff of 50+ employees
- Resolve customer escalations directly, keeping service running smoothly during peak hours
- Place weekly truck orders by tracking inventory levels and anticipating demand

Projects

WordBlast | *Java* Oct 2026

- Built a word game with a team of 4 at Knight Hacks, my first team-based software project
- Combined Scrabble-style word building with the timed pressure of Word Bomb
- Programmed the core game loop in the Java back end, managing turn flow and game state

Concert Ticketing System | *Java, OOP* Fall 2026

- Built a console ticketing system with a 26×60 seating chart split into 6 priced regions, handling seat purchases and revenue reports
- Refactored the program into Ticket and Inventory classes, then extended it with inheritance and polymorphism through ticket subclasses

Technical Skills

Languages: Java, Python, HTML/CSS
Concepts: Object-Oriented Programming (Java, Python)
Tools: Git, GitHub, Linux, VS Code
Spoken Languages: English, Spanish
